

Adding website to list of Trusted Sites

Go to -> **Control Panel**.

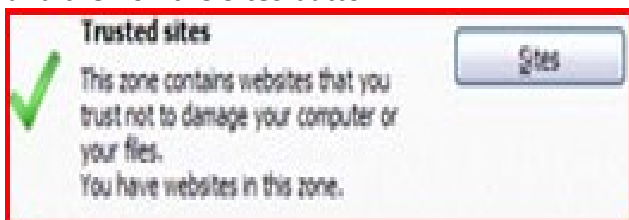

1. If you are using the Classic view of **Control Panel**
Double Click on the icon of **Internet Options**

2. Gebruikt u niet de klassieke weergave van het **Control Panel**
Click on the **Security** icon and then on the **Internet Options** icon

The window displayed below is then shown.
Go to the **Security** tab (see below)

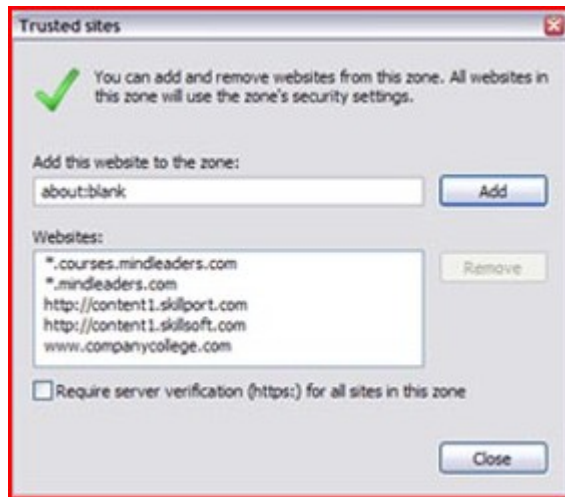

Click on the **Trusted Sites** icon
and then on the **Sites** button.

The checkbox **“Require server verification (https:) for all sites in this zone”** must be unchecked before you continue

Typ the address of the sites you wish to add in the textbox **“Add this website to the zone”**

then click the **Add** button.

**Now close any instances of the browser you may still have open.
And restart your browser.**
